What is the Value of Your Child Care Business?

Child Care Business Value Components

Business Value Maximizers

What is my Child Care Business Worth?
This is the most common question a business owner asks. The best answer to the question is... "it depends". Many factors have to be considered when valuing a child care business.

Child Care Business Value Reducers

Introduction

Having valued and assisted with the sale of child care businesses since 1995, I am still surprised at the lack of understanding of things that can decrease a child care business value. Moreover, how little attention is directed toward controlling these business value reducers.
